Please use this information to decide if our services are right for you.

Mortgages

We offer a comprehensive range of mortgages from across the market, but not deals that you can only obtain by going direct to the lender.

We will provide advice as to whether the product that you have selected is appropriate for you whether you have selected a product from our shared ownership mortgage picker or you have requested from us a selection of suitable mortgage products.

We do not provide an execution only service.

You will receive a key facts illustration when considering a particular mortgage which will tell you about any fees relating to it.

Insurance

We will direct enquiries regarding Life, Critical Illness and Income protection to the website of Direct Life, a company that has considerable expertise in this field - Direct Life provide a website where you can compare quotations from all the leading life insurers and arrange cover online at very competitive rates. They can also offer telephone support and from their UK based call centre if needed. We can offer advice if requested.

For mortgage payment protection insurance we offer the products of a single insurer.

Our fees

We do not charge a fee for advice. We charge a fee of £50 to submit an agreement in principle to a mortgage lender. When we arrange your mortgage and submit a full application to the lender we will charge you a fee of £199. Some mortgage lenders may not pay us a commission on completion of a mortgage application and for the mortgage products of these lenders we will charge you a fee of £399. You will be informed if this higher fee is payable when you choose the mortgage product on our mortgage picker or when we advise you that it is appropriate for your circumstances.

We do not charge a fee for arranging insurance but will receive a commission from the provider.
